Introduction

EICC’s College Connections program enables students to be enrolled in college and their high school simultaneously. We provide opportunities to earn college credit through various methods. Students can acquire credit in their normal high school classroom setting; they can attend classes on our college campuses; or they can take advantage of our various online platforms. Students may also earn credits at several facilities throughout the community. EICC has college advisors assigned to all our high schools, and we collaborate regularly with the high school counselors, teachers, and administrators to provide exceptional service to our students.

Iowa community colleges continue to lead the charge in offering tremendous opportunities to high school students across the state. College Connections programming is authorized by Iowa Code 282.26, and 261E.1: Senior Year Plus (SYP). The Iowa Department of Education enacted SYP to provide Iowa high school students increased access to college credit, advanced placement (AP) coursework, e-Learning opportunities, and career academies for college credit. College Connection courses implemented at the high schools are the same courses taught at our EICC campuses, and students are college students. The instruction is consistent and rigorous to satisfy quality standards, accreditation, and learning outcomes. College Connections participants must meet all requirements outlined in SYP. More information about SYP can be found on the Iowa Department of Education website at: https://www.educateiowa.gov/adult-career-and-community-college/senior-year-plus-syp

Our College Connections program is accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP). NACEP accreditation guidelines, program standards, and other information can be found at the following website: www.nacep.org. NACEP accreditation ensures that college courses taught by high school teachers are as rigorous as courses offered on our college campuses. NACEP helps our programs adhere to the highest standards so that students experience a seamless transition to college, and College Connection teachers benefit from meaningful, ongoing professional development.

This handbook was designed to provide you with accurate and relevant information to assist you with understanding the various responsibilities of those involved in the EICC’s College Connections program, and to familiarize you with the policies and procedures of EICC.
College Connections

Eastern Iowa Community Colleges - Clinton, Muscatine, and Scott Community College - have formed partnerships with its Area 09 high schools to make it possible for high school students to enroll and complete college level courses at home, at the high school, or on one of our campuses. EICC program for concurrent education is called College Connections.

Programs and Courses:

Courses are offered in the following Career and Technical Education areas: accounting, American sign language, administrative office support, agriculture, business, marketing, information technology, automotive technology, CAD, drafting, manufacturing, health, early childhood education, culinary arts, health sciences, graphic arts and welding.

Arts and Science transfer courses are offered in the areas of Arts and Humanities, Communications, Cultural/Historical Perspectives, Mathematics, Natural Science and Social Science.

Benefits:

Students earn college credit and college experience while in high school and at no cost to the student. The credits they earn can be applied at EICC towards an AA or AS degrees. They can also be transferred to other community colleges, private colleges, or universities to get a start on their two or four-year degrees. The credits can also be applied to Clinton, Scott and Muscatine Career Technical programs to earn AAS degrees, diplomas, or certificates in one of EICC’s Career and Technical Education programs.

The experience gives students that opportunity to explore career options before leaving high school and without investing money in post-secondary programming they may not decide to pursue. It also provides them with marketable skills with which they can enter the workforce skills.
Concurrent Students will

Students participating in this program must meet the following criteria:

• Approval of their high school
• Having completed an EICC college application
• Complete the EICC college readiness assessment processes
• Meet any required pre-requisites for the course

Students taking concurrent courses must also

• Take fewer than 12 credits for each term, fall and spring in order to remain a part time college student
• Take the courses for credit (no auditing of courses)
• Follow EICC policies for withdrawing from a class: courses may be adjusted during the first week of a semester for full term classes or 2 days for shortened class sessions. Courses may be dropped (with a grade of “W”) until ten class days prior to the first day of final exams for full term classes and one week prior to end date for shortened classes. A student who discontinues class attendance and does not officially drop the course will receive a failing grade for the course.

Students in the program will receive:

• Orientation opportunities regarding college classes, policies, procedures, and expectations
• Access to student support services, tutoring, advising, computer labs, library services, and student activities and events
• Information to parents regarding the College Connections and its policies
• Support services through the EICC academic advisor assigned to their high school
• Access to a transcript of their college courses
Concurrent Faculty will

✓ Meet the same State and HLC Accreditation requirements of all EICCD college faculty
✓ Submit official transcripts
✓ Participate in and complete the Quality Faculty Plan, and an orientation to community college teaching
✓ Participate in discipline-specific training to include course curriculum, assessment criteria, pedagogy, course philosophy and administrative responsibilities and procedures prior to teaching the course
✓ Submit a course syllabus to the department coordinator/dean prior to the start of the class, using the EICC syllabi template
✓ Understand that the class will be observed by an EICC concurrent liaison (department coordinator/ faculty member) each year
✓ Use the EICC Course Development Model (CDM) for course development, methods of assessment and instructional approaches. Please refer to the “Course Content Requirements” in the Appendices of EICC Policies for a complete policy and procedure.
✓ Use the same grading standards as a campus class
✓ Establish and maintain accurate records related student progress and registration within each class
✓ Submit midterm/final grades in a timely manner through the CANVAS system
✓ Administer the Student Perception of Teaching (SPOT) student surveys each course
✓ Participate in professional development activities and ongoing collegial interaction with EICC faculty. Failure to participate may result in failure to be rehired to teach EICC courses. Please refer to the “College Connections Instructor (CCI) Requirement for Professional Development” in the Appendices of EICC Policies for the complete policy and procedure.
✓ Participate in survey of concurrent enrollment courses once every 3 years
✓ Participate in EICC Assessment of learning outcomes assessment processes
✓ Use the same textbooks as the on-campus courses use
High Schools will

- Only offer as concurrent courses those courses without a "comparable" course is not available at their high school.
- Utilize the college course catalog title and number for the course
- Only enroll students in the course who are taking it for concurrent college credit
- Permit no withdrawals from the course after the initial enrollment that are not in compliance with EICC’s withdrawal policy
- Ensure all student have completed an EICC application, a college assessment, and registration materials
- Work with the college to provide students’ name, address, social security number, the unique student identifier assigned to the student by the school district, and telephone number by the 14th day of the EICC term
- Follow the EICCD Student Handbook to establish expectations for student conduct and to provide policies and procedures or due process and disciplinary action
- Provide liability insurance with respect to the conduct of this educational program
- Accept financial responsibility for their students who are enrolled in concurrent enrollment courses as determined in conjunction with the college memorandum of agreement
- Make arrangements to provide textbooks to the students in accordance to their textbook policies
EICC will

- Work closely with the high school to verify instructor eligibility
- Provide the Course Development Model, curriculum and textbook information to the concurrent faculty members
- Serve as the registrar to establish and maintain student college credit records and transcripts
- Ensure that each course meets the same credit hours and meet the minimum contact hours as the same course delivered on campus.
- Provide orientation information for the students enrolled
- Complete billing processes
- Provide a liaison (department coordinator or a faculty member) for concurrent faculty
- Provide an orientation for concurrent faculty with campus faculty teaching within the same discipline
- Provide professional development opportunities annually for concurrent faculty
- Provide a faculty member to serve as a faculty liaison to the high school instructor
- Provide administrative services to document and collect course syllabus, information related to curriculum, registration, and any concerns the instructor may have regarding the course
EICC Faculty Liaisons will

- Provide information and support to concurrent instructors who teach in the College Connection program (face-to-face, email, or by phone)
- Provide documentation about College Connection classes as needed to comply with national standards as set by National Alliance for Concurrent Enrollment Partnerships (NACEP).
- Assist in interviewing candidates for teaching positions in the College Connection program as needed
- Answer concurrent enrollment instructors’ questions about course content, pedagogy, assessment and expectations
- Review and provide feedback as needed to concurrent instructors’ syllabi and assessment instruments
- Conduct orientation to department pedagogy and theoretical and philosophical orientations for courses taught in the concurrent enrollment program
- Participate in campus meetings with concurrent enrollment instructors about course content, expectations, assessment, grading and instructional methods
- Conduct observation visits to the concurrent courses for the purpose of providing collegial interaction, and complete the observation forms
- Provide the documentation required as evidence that concurrent coursework at EICC fulfills NACEP Standards C3, F3, A1, A2 and A3
Iowa Department of Education
Authorizations

College Connections programming is authorized by Iowa Code 282.26.

EICC is National Association of Concurrent Enrollment Partnerships (NACEP) accredited. See the NACEP Standards cross walk below with the Iowa Code requirements for concurrent enrollment.

</thead>
<tbody>
<tr>
<td><strong>E1.</strong> The CEP conducts end-of-term student college/university course evaluations for each course section offered through the CEP.</td>
<td><strong>281-22.4(1)(f).</strong> The institutions shall review the course on a regular basis for continuous quality improvement, shall follow up with students in order to use information gained from the students to improve course delivery and content, and shall share data on course programs and outcomes with the collaborative partners involved with the delivery of the programming and with the department, as needed.</td>
</tr>
</tbody>
</table>

*NOTE:* This does not represent an exhaustive list of statutory Senior Year Plus requirements. Only those requirements directly related to a NACEP standard are included in this crosswalk.
Appendices of EICC Policies

College Connections Instructor (CCI)
Course Content Requirements

Policy
All College Connections Instructors (CCI) are expected to adhere to the EICC Course Development Model (CDM) for content, academic rigor, and assessment components. Non-compliance occurs when any of the College Connections course content expectations are not adhered to.

Procedure
A faculty liaison will be assigned to each CCI. A classroom observation is part of the ongoing interaction between a faculty liaison and the CCI. If during an observation, the faculty liaison identifies concerns regarding a College Connections instructor’s adherence to the course content, academic rigor, assessment components, and/or instructional issues, they will be addressed, as follows, with the goal of assisting the College Connections instructor (CCI) to correct the concerns.

1. The faculty liaison will complete the Classroom Observation Report, including recommendations for improvement, and send it to the Department Coordinator or Program Director (DC/PD).
2. The DC/PD will assess the severity of the concerns and the corresponding recommendations. If the severity is modest, a follow-up will be scheduled with the CCI to ensure the recommendations are followed. The PD/DC will sign and file the Classroom Observation Report with the appropriate instructional dean, who will forward a copy for the personnel file.
3. In the event the concerns are urgent or serious in nature, or in the event of continued non-compliance with recommendations, the DC/PD will alert the instructional dean, sign the site visit report and indicate a request for formal evaluation. The instructional dean will notify the Dean of Concurrent Education and CTE, and forward a copy of the Classroom Observation Report for the personnel file.
4. The Dean of Concurrent Education and CTE will contact the high school administrator to coordinate a meeting with the CCI, Dean of Instruction, Department Coordinator, and high school administrator to discuss instructional concerns and develop an action plan. The action plan will include a timeline for completion of each milestone. Written documentation of the Action Plan will be kept in the personnel file in the Department of Human Resources.
5. The DC/PD will follow up with the CCI, either through another meeting or through a classroom observation, to determine if the concerns outlined in the action plan have been addressed and resolved. The Department Coordinator may request that the Dean of Concurrent Education and CTE or the Dean of Instruction be involved in this meeting.
6. If the terms of the Action Plan are not adhered to, or the Dean of Concurrent Enrollment and CTE, the DC/PD, and the Instructional Dean determine that the course does not maintain college quality, the Dean of Current Enrollment and CTE will cancel the course for the subsequent academic semester and the instructor will lose his/her status as a CCI in that discipline. The high school administration will be informed of the College’s decision, and the Dean of Concurrent Enrollment and CTE will work with the high school to identify another instructor, if appropriate.

All site visit reports, including recommendations and action plans, will be kept in the personnel file in the Department of Human Resources.
NOTE: If an instructor has been approved to offer College Connections courses in more than one discipline, the faculty liaison for each discipline will assess adherence to course content. Cancellation of one College Connections course due to non-compliance does not automatically cancel other College Connections courses.
College Connections Instructor (CCI)
Requirement for Professional Development

Policy:
All College Connections instructors must attend annual college provided professional development to remain active in their department, stay informed of college expectations, and remain current in their field of study. College Connections instructors are expected to attend at least one discipline-specific workshop each year to remain in compliance with the policy.

Procedure:
College Connections instructors will use the EICC Professional Development Record system to track participation in required annual professional development.

The Dean of Instruction will conduct an annual compliance review and notify those College Connections instructors not in compliance with the participation policy, by May 1st of each year. The appropriate high school administrator, Department Coordinator (or Program Director), and Dean of Concurrent Enrollment are included in the notification.

In the event a College Connections instructor (CCI) misses the required professional development the following will result:

1. The Department Coordinator (or Program Director) will contact the CCI to coordinate a meeting to determine an alternative professional development experience, that will serve as a one-time substitution for the required professional development.

2. If the alternate professional development activity is not completed prior to the start of the succeeding academic year, the Department Coordinator (or Program Director) will notify the Dean of Instruction, who will advise the High School Administrator, CCI, and Dean of Concurrent Enrollment that their course is in jeopardy of being cancelled. The CCI will be put on probation for a period of one academic year.

3. During the probationary period, the CCI must meet with the Department Coordinator (or Program Director) and attend the next available professional development workshop. The high school principal and CCI will be informed of the probationary period and consequences of non-compliance.

4. If, by January 1st of the probationary year, the CCI is still non-compliant, the College Connections course is cancelled for the following year and the instructor is no longer considered a CCI for that course.

NOTE: If an instructor has been approved to offer College Connections courses in more than one discipline, workshop attendance is tracked for each discipline. Cancellation of a College Connections course in one discipline due to non-compliance does not automatically cancel College Connections courses in another discipline.
Equal Educational Opportunities: It is the policy of Eastern Iowa Community Colleges not to discriminate on the basis of race, color, national origin, sex, disability, age (employment), sexual orientation, gender identity, creed, religion, and actual or potential parental, family or marital status in its programs, activities, or employment practices as required by the Iowa Code §§ 216.6 and 216.9, Titles VI and VII of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d and 2000e), the Equal Pay Act of 1973 (29 U.S.C. § 206, et seq.) Title IX (Educational Amendments, 20 U.S.C. §§ 1681 - 1688), Section 504 (Rehabilitation Act of 1973, 29 U.S.C. § 794), and Title II of the Americans with Disabilities Act (42 U.S.C. § 12101, et seq.). If you have questions or complaints related to compliance with the policy, please contact Debora J. Sullivan, Equity Coordinator, 306 W. River Drive, Davenport, Iowa 52801, 563/336-3487, djsullivan@eicc.edu or the Director of the Office for Civil Rights, U.S. Department of Education, Citigroup Center, 500 West Madison, Suite 1475, Chicago, IL 60661, phone number 312/730-1560, fax 312/730-1576.
