Eastern lowa Community Colleges wants each student to graduate the program of their choice with good opportunities for employment, and a minimum of student debt. The information contained on this form is intended to help students make educated decisions about managing their educational goals and financial commitments.

Final regulations published in the Federal Register on October 29, 2010, require institutions to report certain information about students who enrolled in Title IV eligible educational programs that lead to gainful employment in a recognized occupation (GE programs). Those regulations also provide that institutions must disclose to prospective students certain information about the institution's GE Programs.

Eastern Iowa Community Colleges offers some certificate and diploma programs that are Title IV eligible and are subject to Gainful Employment Disclosure requirements. Therefore, you are being provided the Gainful Employment Disclosure information for the program you are considering.

STUDENT ACKNOWLEDGEMENT

I acknowledge that I have received a copy of the Gainful Employment Disclosure for the **Engineering Technology - Electromechanical Diploma**, which describes important information about employment and student debt. I understand that I should consult with my academic advisor or the Dean of Student Development if I have questions regarding the information I have received.
